

SUPER WAX-W

Leather Auxiliary

Technical Information

Properties :

A soft Natural Wax emulsion

Analytical Data :

Appearance	:	Creamish viscous liquid
Solid matter	:	20% ± 1%
pH	:	7% - 8%
Charges	:	Anionic

Behaviour :

SUPER WAX-W can be used in combination with acrylic binders to reduce tackiness during embossing and plating. It gives smoothness and soft feel to the leathers. It may be used in top coat when dull finish with waxy feel is required.

Application :

Softy upper (upgradation)/garment
